

Better Together

Age UK Lambeth's "Better Together" Engagement Advice Workers are here to raise awareness and support our community around gambling-related harms.

- Are you worried about your gambling, or that of someone you love?
- Are you working with someone who is experiencing gambling related harms?

The Better Together service is a project working and supporting the community to access gambling support and provide 1-2-1 support to address wider issues impacted by gambling. The type of support we offer could include:

- Providing information and support around housing or finances,
- Introducing you to a new activity or local club,
- Linking you in with services and organisations in your local area
- Referring to specialist support.
